EFFECT MENACING

Political Influence of the Thaba N'Chu Disaster Will Be Far Reaching.

CANNOT PROTECT THEM

Burglars Who Surrendered Upon Lord Roberts' Proclamation Find Reliance Misplaced.

Punishment Being Visited Upon Them For Belief In British Ability to Maintain Position.

Cape Town, April 4.—Gen. Cronje, Col. Shiel and 1,000 Boer prisoners sailed for St. Helena last night.

London, April 4.—No news has yet been received of the expected battle between Gen. French and the Boers. There is now but a remote prospect of the recapture of the guns. This, however, is regarded as quite trifling compared with the political effects of the disaster. Commandant Olivier's strategy in recapturing Ladybrand and Thaba N'Chu was bold and even brilliant. Most of his force is composed of Free Staters and the advantage gained by them will have a most disturbing effect on the mind of the Free State population.

The impossibility of effecting complete protection for the moment to all farmers in the south and southeast sections of the Free State is recognized at Bloemfontein. Men who surrendered under the proclamation of Lord Roberts are now being punished for the reliance they placed in the ability of the British to protect them. This is a hard fate, and every possible effort will be made to help them, but consideration for the sufferings of repentant belligerents at the hands of their fellow countrymen can not be suffered to prejudice the military plans of Lord Roberts. The Daily Telegraph says: "It is just as important to protect those burghers who have trusted in our power and surrendered as it is to win victories against those who are still in arms."

The Daily Chronicle, whose Cape Town correspondent joyfully predicted that the war would be over in three months, says: "In order to re-establish our position in the Free State we need a brilliant success won on the scene of our last reverse."

It is announced from Springfontein that the censorship has again curtailed the dispatches. Therefore important developments must be impending. The British public is reluctant to believe that an American led the Boer forces which attacked the convoy. The Daily Chronicle says: "Reichmann may be, like some other Americans, in sympathy with the Boers. He may even have unofficially advised the Boer commandant, although this would have been exceedingly improper, but we can not think he would take the command without previously resigning his American commission."

There is little news from other points. Mafeking was still besieged on March 29 and there are rumors that Gen. Buller is preparing to advance.

AN AMERICAN SIGHTSEER

Gives an Estimate of the Pluck Displayed in the Saturday Fight.

Bushman Kop, April 4.—Hearing that the water works were deserted, the correspondent of the Reuters Telegram agency rode forward yesterday. Arriving at the crest of a hill a volley was fired at him, and a moment later a man appeared at the top of the crest. Calling on him to stop firing

and saying he was unarmed and desiring to talk with him, the correspondent discovered that this man was an American, who declared that he had accompanied the Boers only as a sight seer. He said that never during his whole life had he witnessed such magnificent pluck as that shown by the British Saturday, and he asserted that not only himself, but the whole Boer army were profoundly touched with admiration at their gallant behavior.

It appears that the Boers never doubted their ability to capture the whole British force and were dumbfounded at the courage displayed and the mastery with which the force was able to escape from the death trap. The correspondent's informant refused to give any information regarding the British forces or their movements, but it appeared that the present force was detached from Kroonstadt, joined the Ladybrand force, and again divided north of Thaba N'Chu, one portion following the other and meeting Col. Broadwood's retreating force. The burghers consisted of Schoeman's command, which was accompanied by many foreigners. The enemy pursued the British for miles killing, wounding and taking prisoners. One squadron of the Sixth dragoons which entered the action, 140 strong, mustered at the end only 10 mounted men. The Boers seem to be in great strength throughout the district and are signalling on all sides. A large body is reported moving southwest of Bloemfontein in the direction of the railway. The British troops are in urgent need of remounts.

Well Planned and Executed.

London, April 4.—Spencer Wilkinson, discussing the attack on Col. Broadwood's detachment, in The Morning Post, says: "The attack was well planned and well executed. Col. Broadwood, however, skillfully evaded the stroke aimed at him. Possibly Lord Roberts has retired his infantry with a view of encouraging the Boers to advance and to continue their attack. Probably nothing would suit him better than that they should attempt to move toward the railway or to attack in the direction of Bloemfontein. He is collecting remounts and stores in order to be in readiness for a general advance, and he will not be drawn away. If the Boers venture too near they will receive punishment."

THE QUEEN IN IRELAND

Her Majesty's Arrival in Dublin Made Occasion of Celebration.

Dublin, April 4.—In spite of the rain that was falling and the huge puddles of water under foot, the arrival of Queen Victoria in the royal yacht Victoria and Albert, off Kingstown last night, was the occasion for much enthusiasm, although this did not take an organized form, owing to the fact that her majesty came several hours ahead of schedule time. Thousands had poured into Kingstown regardless of the pelting rain, and they braved the cold winds and mud until midnight. The celebrations were confined to an illumination of the war vessels and to a few fire works here and there. A shining shrouded out against the blackness of Dublin bay, and from the jacks clustered on the decks of the squadron came strains of "God Save the Queen," which were taken up with will by the patient crowd on shore, and when "Soldiers of the Queen" floated across the quiet water, the spectators on Kingstown pier joined in with equal fervor. The queen disembarked at noon today and drove from Kingstown through the city, reaching the vice regal lodge at 2 o'clock this afternoon.

Kipling to Joubert.

New York, April 4.—The next issue of Harper's Weekly will contain a poem by Rudyard Kipling on Gen. Joubert which was sent by cable from South Africa. Two of the three verses follow:

[Copyright, 1900, by Harper & Brothers, New York.]
With those that bled, with those that bled,
He had no part whose hands were clean of gain;
But subtle, strong and stubborn, gave his life
To a lost cause, and knew the gift was vain.
Later shall rise a people sane and great,
Forged in strong fires, by equat war made one,
Telling old battles over without hate,
Nobler his name shall pass from sire to son.

German Diplomacy.

Berlin, April 4.—The statements that Russia is intriguing against the Baghdad railroad are branded in government circles as a British invention. Reports from Washington, intimating that Germany is instigating Turkey to take unfriendly action against American means are emphatically denied by the German foreign office.

Dewey Has Reconsidered.

New York, April 4.—A special to The World from Washington says: "Admiral Dewey authorizes The World to announce to the American people that after mature reflection and in response to the earnest entreaties from all parts of the country his former decision not to under any circumstances to run for the presidency is rescinded."

Paymaster Missing.

Vancouver, B. C., April 4.—James Clark, paymaster for the queen's navy and garrison is missing. He disappeared early on Monday morning. It was pay day at the naval station for the men of the North Pacific squadron and his disappearance has caused a sensation.

Involves 1,000 Men.

Watertown, N. Y., April 4.—The entire plant of the New York Air Brake company is tied up on account of a misunderstanding between the company and its laborers. One thousand men are out of work.

SENATE PASSES IT

Porto Rican Tariff and Government Bill Carries by Vote of 40 to 31.

CLOSE OF NOTABLE DAY

Sensational Episode Just Before Adjournment Causes Senators to Look "Pale and Serious."

Crowded Galleries Mark the Most Remarkable Session Since "War Congress" Two Years Ago.

Washington, April 4.—Yesterday was a notable day in the United States senate. It brought to a close the sharpest and most prolonged debate upon any measure since those discussed during the memorable "war congress" two years ago. At 4 o'clock the votes were begun upon the Porto Rican tariff and civil government bill and the pending amendments and less than an hour later the measure about which there had been so much contention in and out of congress, was passed by a majority of 9, the final vote being 40 to 31. Only committee amendments were adopted. The vote was as follows:

YEAS—Allison, Baker, Bard, Carter, Chandler, Clark (W.), Collins, Johnson, DeLoach, Fairbanks, Foraker, Foster, Frye, Gallinger, Gear, Hanna, Handshoven, Hawley, Jones (Nev.), Keene, Kyle, Lodge, McBride, McComas, McMillan, Penrose, Perkins, Platt (Conn.), Platt (N. Y.), Pritchard, Quarles, Ross, Scott, Sewall, Shoup, Spooner, Stewart, Thurston, Wetmore, Wolcott—Total, 40.

NAYS—Allen, Bacon, Bates, Berry, Clark (Mont.), Clay, Cockrell, Culberson, Daniel, Davis (Rep.), Harris, Helfferich, James (Ark.), Keary, Lindsay, McLaughlin, Martin, Mason (Rep.), Mower, Morgan, Nelson (Rep.), Pettus, Proctor (Rep.), Simon (Rep.), Sullivan, Tallaferro, Teller, Tillman, Turley, Vest, Wellington (Rep.)—Total, 31.

The only change in the pairs on the final vote related to Mr. Beveridge of Indiana. Mr. Clark (Mont.) announced that he understood, if present, Mr. Beveridge would vote for the bill. He therefore transferred his pair to Mr. Rawlinson (Conn.). This permitted both Mr. Clark and Mr. Hanna (Mr. Rawlinson's pair) to vote.

It had been evident for some time that the bill would command a majority in the senate, but notwithstanding that fact the interest in the measure, both of senators and of the public, has not flagged an instant. Yesterday the galleries were crowded and hundreds of people filled the corridors unable to secure standing room in the galleries. From the time the senate convened until the hour when the voting began, advocates and opponents of the bill brilliantly and eloquently maintained their convictions and the auditors were kept in a state of constant excitement. The particularly notable speeches of the day were delivered by Mr. Mason of Illinois, in opposition to the measure and by Mr. Foraker of Ohio who replied to a brief speech by Mr. Wellington of Maryland. It was the Ohio senator's desire to clear up any misunderstanding or misimpression concerning the bill.

Mr. Mason's speech was argumentative, eloquent and amusing by turns, and it covered the entire range of the country's duties and responsibilities to what the Illinois senator sarcastically termed "Our in-sular possessions." It was very interesting to his hearers.

Just before the adjournment a sensational episode occurred in which Mr. Wolcott of Colorado, accused Mr. Lodge of Massachusetts, of uttering that which was "unqualifiedly false." The difficulty arose over an effort made by Mr. Lodge to have the Spooner bill made the unfinished business. This involved the displacement of the Quay case, and the friends of the former senator from Pennsylvania made things exceedingly lively for half an hour.

"I do not know how the senator from Massachusetts classifies himself," said Mr. Wolcott, "whether as a friend or as an enemy of Mr. Quay. It is hard to tell who are his friends and who are his enemies. But when any suggestion or intimation is made that there is any unworthy or unrighteous purpose in pressing the consideration of that case as a matter of the highest privilege, the person who makes the statement goes far out of his way to state that which is unqualifiedly false."

With the situation still strained and senators looking pale and serious, the senate at 5:55 adjourned.

DESULTORY DISCUSSION

Congressman Robinson Denounces Hawaiian Contract Labor System. Washington, April 4.—The house entered upon the consideration of the substitute for the senate Hawaiian territorial bill under a special order which will bring the question to a vote tomorrow afternoon at 4 o'clock. The debate was in committee of the whole and only three of the six speeches were pertinent to the bill.

Mr. Knox (Mass.) chairman of the committee on territories, delivered a carefully prepared speech in advocacy of its passage. Mr. Robinson (Ind.) criticized a section of the bill, which he said, contained in force labor contracts existing in Hawaii, denouncing it as legalizing a system of wage slavery. Mr. Mondell (Wyo.) spoke generally in support of the bill. Mr. Lane (Ind.), one of the Republicans who opposed the Porto Rican tariff bill, made a vigorous speech reaffirming his position and warning his Republican associates that the country would not support an unfair policy toward the Porto Ricans. Mr. Thomas (N. C.), Mr. Williams (Miss.) and Mr. Boutell (Ill.) discussed imperialism.

THROUGH A BRICK WALL

Remarkable Experience of Dr. Lail In Fortville Gas Explosion.

Fortville, Ind., April 4.—The 1-story brick block occupied by Dr. Lail, on N. Main street, was wrecked by a gas explosion. The doctor had been absent from the building about two hours, and on his return he found the rear room filled with gas. A jet was burning in the front room, and when he opened the door leading into the rear room the gas ignited and a terrific explosion followed, hurling the doctor through the rear wall of the building and into the back lot, a number of feet away. The entire rear of the building was destroyed. The doctor escaped without serious injury. A child, led by a young woman on the sidewalk, was hurled into the street, but was unhurt. The explosion was heard several miles. There was no insurance.

His Marriage a Mistake.

Indianapolis, April 4.—Edward C. Fultz has asked the annulment of his marriage with Georgia Fultz, in a complaint filed in superior court, on the ground that when he married her he was still married to Lulu Martin of Comersville, Ind., from whom he thought he was divorced. He says that before his second marriage he learned that she had applied for a divorce, and had reason to believe she had secured it, but that she had not.

Declined to Be Thanked.

English, Ind., April 4.—Mrs. John Sheridan, returning from a call on a sick relative, carrying her infant in her arms, in attempting to walk a log spanning a creek, lost her balance and fell into the turbulent stream, and she was rescued by Thomas Blake, a tramp, who happened to be near. The tramp declined to be thanked for his heroism, saying that, perhaps, his appearance frightened the woman so that she fell.

Rushville's Postal Growth.

Rushville, Ind., April 4.—The receipts of the Rushville postoffice have passed the \$10,000 mark by about \$500 for the year ending March 31, and the city is now entitled to free delivery of mails. It is thought that this delivery will be placed in operation on July 1.

INTERSTATE AMENITIES

Or What the Governor of Indiana Said to the Governor of Kentucky.

Frankfort, Ky., April 4.—Telegrams more significant than the bare wording of them might indicate passed between Democratic Governor Beckham of this state and Gov. Mount of Indiana yesterday. Gov. Mount made requisition on Gov. Beckham for a warrant of arrest against Rudolph Gossman, a convict whose term in the penitentiary will end today and who is wanted for trial on a criminal charge at New Albany, Ind. The Indiana officials recently applied to the Democratic officials at the penitentiary with a requisition from Gov. Mount recognizing Taylor as governor and they refused to honor the requisition. Yesterday when the requisition was made on Gov. Beckham he sent the following telegram to Indiana's governor:

The Hon. James A. Mount, Governor of Indiana, Indianapolis, Ind.:
A request from you for the arrest of one Gossman, wanted in Floyd county, Ind., has been presented to me. I will gladly honor it if you will first assure me that any requisition issued by me, as governor of Kentucky, upon you will also be honored. This understanding is desired because of certain expressions attributed to you in the press lately.

J. C. W. BECKHAM.

Hon. J. C. W. Beckham, Frankfort, Ky.:
Replying to your telegram of the 3d instant, I cannot enter into any contract or agreement that shall become binding. This would be an unwarranted departure from executive practice and law. I must reserve the right to determine each requisition on its merits.

JAMES A. MOUNT.

Gov. Beckham has made the following statement: "The effort that I seek to make a compact on the subject of requisitions with Gov. Mount is ridiculous. Of course every one understands that a requisition must be considered on its merits by a governor. My object was to discover whether Gov. Mount now recognizes Taylor or myself as governor of Kentucky. If he recognizes me as such, then his requisitions to me will be considered. If he recognizes Taylor as governor then he should send his requisitions to him."

Ex-Secretary of State Charles Finley and others who are wanted in the Goebel assassination case are in Indiana and Gov. Mount's telegram is generally interpreted to mean that he will not honor any requisitions of this character unless signed by Taylor. Gov. Beckham made a requisition on Gov. Nash of Ohio for the warrant of Jacob Craig, who is under arrest in Cincinnati and is wanted for trial at Covington. Last week Gov. Nash declined to issue the warrant on requisition holding that as long as the Kentucky governorship is in contest both governors should make the requisitions.

Corporation Attorney's Flagrant Affront to the Laporte Circuit Court.

AFFIDAVIT WAS FALSE

Ex-Judge of Appellate Court George E. Ross Embarrassingly Implicated at Laporte.

Judge Richter Would Listen to No Explanation of an Intolerable Insult to His Court.

Laporte, Ind., April 4.—When the Muehler drainage ditch case was called in the Laporte circuit court Judge of the Appellate Court George E. Ross of Logansport, acting for P. C. & St. L. Railway company, one of the remonstrances against the ditch, presented an affidavit and asked to have it placed on record. It was accepted by Judge Richter, who was about to make the entry on the docket, when Attorney E. E. Weir of the council entered a demurrer on the ground that the affidavit was false, and offered the court record in evidence to sustain the charge. An examination disclosed that Weir was correct and that ex-Judge Ross had attempted to record an affidavit that was flagrantly false. Judge Richter became very indignant, severely arraigned ex-Judge Ross for his action, and was on the point of fining him for contempt of court, when ex-Judge Ross withdrew the affidavit and asked leave to amend it. Judge Richter attempted to explain the matter, but Judge Richter would listen to no explanation. He said the attempt to introduce a false document was an insult to the court and he would not tolerate it.

Special to the REPUBLICAN.

KANSAS CITY, Mo., April 4.(2 p. m.)—The great convention hall in which the democratic national convention was to meet July 4, was burned to the ground today in less than a half hour.

REPORTS from Shelby county show that George Wray can handle the democrats of old Shelby, but certainly the people won't evacuate in his favor. They have a fine opportunity to get rid of an expensive dictator.

THE anti-Griffith organs might ask William Fitzgerald about those instructions for Joe Reiley. He was a delegate along with Overmyer to that convention, and doubtless has as good a memory as the banker statesman.

THE Wyoming State Democrat, C. W. Burkart's paper, comes out with a beautiful bright colored Eastern supplement well filled with special advertisements. But the bright and cheerful supplement does not harmonize with the dismal calamity editorials within.

THE Overmyer trust organs are swelling their figures for their champion. They are claiming "Jackson county's thirty-six" votes for the republican statesman. The fact is Jackson county has only elected seventeen delegates to the district convention and nine of those will be on hand to work against the North Vernon man who has a penchant for holding office.

Now that the Porto Rican bill has passed the senate, providing for civil government for the island and fixing the tariff at fifteen per cent. of the Dingley rate, the democrats will continue their efforts to convince themselves that the passage of this law will help them. While the republicans are not all convinced that there should be a tariff on Porto Rican products the passage of this bill will not convert any of them to the democratic party, which has always been in the habit of taking the wrong side of public questions.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail. Name of Swamp-Root free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

awakening at night with a sense of suffocation, often having to sit up in bed gasping for breath, or rushing to an open window to get fresh air, are sure signs of heart disease.

Other signs are palpitation, irregular pulse, pain in left side, fluttering of heart, weak or hungry spells, fainting or sinking spells, swelling of feet and ankles, etc. There is one remedy for a weak or diseased heart, which, if taken in time, will completely restore it to its natural, healthy condition. It's

Dr. Miles' Heart Cure

"My heart was weak and would palpitate at every little noise. I could not take any exercise without causing my heart to pound and throb in a dreadful manner. I could not sleep at night, my feet were badly swollen and I began having smothering spells so severe that I thought I should die in one of them. The doctors failed to give me any relief and seeing an advertisement of Dr. Miles' Heart Cure I sent to my druggist for a bottle and began its use. Improvement began at once and in a few weeks I was as well as ever."

We will tell you what will cure the worst kind of a case of backache caused from the kidneys. We will not only tell you, but will refer you to people in all walks of life in the State of Indiana who have used Kid-ne-oids with the best results.

We ask you to read this statement from D. G. Smith, 227 Salem street, Lafayette, Ind., who says: "I have been afflicted with kidney trouble and rheumatism, more or less for the past thirty years; my troubles commenced with backache, increasing in intensity as the years went by. I also had urinary disorder and was very nervous. I used medicine and had treatment from doctors, but this only gave me temporary relief. I obtained some of Morrow's Kid-ne-oids which gave me such unusual relief that I obtained more. I will continue with this remedy until I am cured for I have all possible faith in their efficiency, and I will recommend them to all kidney sufferers."

Morrow's Kid-ne-oids are not pills but yellow tablets and sell at fifty cents a box at all drug stores.

Mailed on receipt of price. Manufactured by John Morrow & Co., Chemists, Springfield, Ohio.

Does Coffee Agree With You?

If not, drink Grain-O—made from pure grains. A lady writes: "The first time I made Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee." Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co.

Send for list of testimonials. Sold by Druggists, 75c.

Hall's family pills are the best.

Remarkable Cure of Rheumatism.

KENNA, Jackson Co., W. Va.

About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mrs. S. Maddox insisted on using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.

YESTERDAY'S ELECTIONS

Spirited Spring Voting In Towns in a Number of States.

Omaha, Neb., April 4.—City elections were held throughout this state yesterday with the exception of Omaha. The main issue in most of the smaller places was license and the results are mixed, the greater number of towns apparently being favorable to licensing the traffic for another year. While party politics cut little figure in the smaller towns, yet Republican gains are noticed all over the state, especially in the cities, several Democratic strongholds going Republican.

Topeka, Kan., April 4.—Municipal elections were held throughout the state yesterday in cities of the first and second class. Party lines were maintained in most cases and returns show that the Republicans have generally been successful. In this city the Republican candidates were elected by the usual majority.

St. Paul, April 4.—Minnesota towns voted for town officers, but few of them had a political tinge.

Chicago, April 4.—A very light vote was cast at the city election yesterday. The contests were chiefly aldermanic. Thirty-five of these officials were chosen, the Republicans securing 19 and the Democrats 16.

Milwaukee, April 4.—The result of the municipal elections throughout Wisconsin outside of Milwaukee show that where the Republicans and Democrats placed party tickets in the field the Republicans gained the greater number of victories.

Kansas City, April 4.—The Democrats scored a victory, electing James A. Reed mayor by a majority of 1,000. Jones, Republican for mayor, had a majority of 1,439 two years ago.

St. Louis, April 4.—Municipal elections were held yesterday in many towns in Missouri. The results where party lines were drawn were on the whole favorable to the Democrats.

Milwaukee, April 4.—Mayor David S. Rose, Democrat, triumphed and carried the rest of the city ticket with him. He will have a plurality of at least 5,000.

Tacoma, Wash., April 4.—Campbell, Republican, is elected mayor. The Republicans elect six councilmen and the citizens three.

Providence, R. I., April 4.—The state campaign closed here last night. A large vote is expected today.

Dallas, Tex., April 4.—A bitter municipal contest closed here last night in the election of Ben E. Campbell, Democrat, as mayor. He defeated Mayor Bryan Barry by a majority of 2,500 in a total vote of 8,600.

Colorado Springs, Col., April 4.—The entire Republican ticket was elected here except marshal, majorities ranging from 400 to 1,600.

Fatal Election Quarrel.

Springfield, Ill., April 4.—While discussing politics in Charles Baxter's saloon last night John Viera fatally shot Thomas McManus. Viera was arrested.

Fire In Ohio Penitentiary.

Columbus, O., April 4.—The large 3-story building within the walls of the Ohio penitentiary occupied by the bolt manufacturing shops, was destroyed by fire last evening entailing a loss of over \$100,000. The fire is supposed to have originated on the third floor from a spark. The fire occurred after supper and the 2,200 prisoners were locked in their cells. The state's loss is estimated at \$40,000, with no insurance. The Columbus bolt works estimate their loss at \$50,000 to \$100,000, with \$50,000 insurance.

Powdermill Blows Up.

Wilmington, Del., April 4.—An explosion occurred early this morning in mill No. 12 in the Hadley yards of the Dupont powder works. The roof of the mill was blown off. No one was hurt and the damage was slight. Several hundred pounds of powder was destroyed.

Dropped Dead While Hearing Charge.

St. Louis, April 4.—Julius Uhlenruth, cashier of the Hyde Park Brewing company, dropped dead yesterday as a deputy sheriff was reading a warrant charging him with embezzling \$9,000.

A Night of Terror.

"Awful anxiety was felt for the willow of the brave General Burnham of Machias, Me., when the doctors said she could not live till morning" writes Mrs. S. H. Lincoln, who attended her that awful night. "All thought she must soon die from Pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of Consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and \$1.00. Cold Steel or Death.

"There is but one small, chance to save your life and that is through an operation." Was the awful prospect set before Mrs. J. R. Hunt, of Lime Ridge, Wis., by her doctor after vainly trying to cure her of a frightful case of stomach trouble and yellow jaundice. He didn't count on the marvellous power of Electric Bitters to cure stomach and liver troubles, but she heard of it, took seven bottles, was wholly cured, avoided surgeon's knife, now weighs more and feels better than ever. It's positively guaranteed to cure stomach, liver and kidney troubles and never disappoints. Price 50c at W. F. Peter's drug store.

Just as Good—Whenever a druggist tells you he has something "just as good" for coughs, colds, grip, etc., as Dr. Bell's Pine-Tar-Honey he is thinking of his profits and not of your welfare. Good druggists will sell you what you ask for, and you can ask for nothing as good as Dr. Bell's Pine-Tar-Honey. Good druggist sell it.

Coughed 25 years.—I suffered for 25 years with a cough, and spent hundreds of dollars with doctors and for medicines to no avail until I used Dr. Bell's Pine-Tar-Honey. This remedy makes weak lungs strong. It has saved my life.—J. B. Rozell, Grantsburg Ill.

What a lady in New York City says of Shinkle's Cure for Dyspepsia:

Dear Sir:—I am now taking the fourth bottle of Shinkle's Cure for Dyspepsia, and I find this remedy very beneficial. It is more helpful to me than any doctor's prescription, or other cure for dyspepsia, has been.
